The meeting was called to order by Debra Ashack at 6:35 p.m.

Introductions

All present introduced themselves and the organization they are affiliated with or area of residence. Each participant was given a packet of information for reference during the meeting.

Ground Rules and the Consensus Process

Debra briefly covered information for Ground Rules and the Consensus Process contained in the packets.

Previous Meeting Review

Since there were many new faces at the meeting, Debra reiterated the first meeting and gave background on why the watershed project is being done and what is planned to be accomplished.

Contact List

The Contact List of potential Committee participants compiled at the last meeting was presented again and two additional contacts were added.

Concerns List

The Concerns List compiled at the last meeting was also presented again. Additions were made to the list and there was considerable discussion regarding failing septic systems and how to address the problem. Other additions to the list include debris and dumping, pet waste, exotic species, riparian buffers, and discharge from the Morgantown Wastewater Treatment Plant.

Next Meeting Date

The next meeting date was set for June 11, 2007, at 6:30 p.m. in the Painted Hills clubhouse.

The meeting was adjourned at 8:00 p.m.
